

Find out information about our planet. Can you wow us with some amazing facts! 	Draw and describe your favourite kind of weather. Do you like it when it rains, or do you prefer the sunshine? 	Practise your handwriting and write out the names of the four seasons: Spring, Summer, Autumn and Winter. Can you decorate your writing beautifully as well?
Keep a weather diary for a week - what do you notice? Record the weather in any way you would like to.	Be a sat nav and describe your route to school. Use direction language such as forwards and right turn.	Read or watch a weather report on the TV and talk about it with your family. How does the weather around the world compare to ours? Record yourself doing a weather report - you could email it to us!
Create some artwork using natural materials from your own garden/ Create a natural rainbow 	Create your own weather game (e.g. Snap or a board game etc.) Can you write instructions explaining how to play the game? 	Go on a nature walk and look at the different plants and trees. Sketch them and label them - and look out for signs of Autumn. 
Draw a picture of yourself and label it with all the things that make you unique and special! 😊😊😊	Inspired by the Creation Stories we are learning about in class, can you make up your own Creation Story and bring it into school to show us?	Find as many things as you can in your home that are squares, rectangles, triangles and circles.

Please choose one task from the above grid to complete each week and hand in every Tuesday. You can choose a different task to do each week over the term.

Please tick off the activity you have completed. We can't wait to see what you decide to do!

Continue to read every day and you could also provide opportunities for counting, adding and taking away in everyday activities.
